

HOSTS WITH BRASS BANDS VISIT WILSON

Hungarians from New York; Brooklyn Democrats and 'Irish Orangemen' Pledge Allegiance to Democratic Standard Bearer

BRYAN WILL NOT FOLLOW ROOSEVELT

Original Plan for Nebraskan to Answer Colonel's Speeches Abandoned by Committee

SEA GIRT, Aug. 10.—In the dusty road which fringes the lawn of the summer capitol here, Governor Wilson stood today shaking hands with hundreds of democrats who surrounded him with brass bands, in all he made three campaign speeches. First came the Hungarian National democratic club of New York. The governor assured them he never intended anything disrespectful in his writings of foreigners and that he had always felt a high regard for Europe, an people because of his long study of their history. The delegation pledged their support. The Brooklyn democratic club came later and to them the governor said:

"I am complimented by your allegiance and I want to assure you that while I think this a very high personal compliment I take it to mean simply that I for the present, at any rate, represent the earnest desires and purposes of the democratic party, and yet it seems to me that we are standing in the presence of something higher than allegiance to the democratic party. The country has been disappointed in the republican party and it is turning to the democratic party. That party is willing to show the way towards those things which must be realized. Some gentlemen seem to find it easy to make personalities out of politics but it seems to me that whenever that is done politics is debased."

"Irish Orangemen" Visit
"Men who in search of reform now are turning to the democratic party because for my part, I do not know where else they will turn and expect results. There is no discounting the strength, service and ability of a united party, and that splendid party is the democratic party. It is a united party and came out of the contest at the Baltimore convention without personal feeling of any kind. I am delighted to believe that whoever we may have supported for the nomination, we are now glad to work together."

To the Wilson club of Orange, N. J. the governor made a longer speech in response to one by Judge Daniel A. Dugan. The governor remarked first that he was glad to be introduced by Dugan because it showed "there was good Irishmen among these Orangemen."

"Glad," said the governor, "to see the north and south of Ireland brought together." The governor thanked the Jersey delegation for its visit.

BRYAN WON'T FOLLOW TEDDY

NEW YORK.—William J. Bryan is not going to follow the trail of Roosevelt around the country during the presidential campaign as had been planned but will take an entirely different itinerary. This was practically decided at a meeting of the sub committee this afternoon. Some time ago it was suggested that it would be a good idea to have William J. Bryan follow the colonel in the latter's campaign trips and answer his questions.

GOOD FIGHT SAYS TEDDY
OYSTERTOWN, Aug. 10.—"Win or lose its a fight worth making," said Roosevelt today. "Whatever the outcome of the campaign which is now opening it is his opinion that a new era of American political history will be dated from the progressive convention."

"For more than forty years the ex-president said, 'sporadic reform movements have come into existence, many of them have continued and contained something good, but were coupled with quick remedies worse than the disease they were supposed to cure."

"The good points in them all," he said, "have been gathered together in the progressive party's policies and for the first time were given to the country."

"Some have expressed it well," he said, by telling him the republican tariff was a "tariff of privileges" and the democratic tariff a "tariff of destruction."

SCOTT'S NAME WITHDRAWN

WASHINGTON, Aug. 10.—President Taft has withdrawn from the senate the appointment of Leslie M. Scott as United States marshal for the district of Oregon. Scott's nomination was sent in several months ago, but opposition has developed which has prevented its confirmation. No explanation was given as to why the withdrawal was made.

—That when you left the old home town, years ago, it seemed like this—

—Yet now, when you go back for a visit, it seems to have flattened out and there seems to be so much more room above the houses.

—And when you go back home after years of absence, and wonder if the girl you used to like so well is still as pretty as ever—

—And you find she has also changed for better or for worse.

—And the seniors when you used to go to college seemed to be mature and dignified intellectual giants—

—Yet now the present day seniors all look so young. Have you ever noticed it?

KNOX REPRESENTS U. S. AT FUNERAL OF MUTSUHITO

Secretary of State for First Time in History of Country Made Special Ambassador

WASHINGTON, Aug. 10.—For the first time in the history of the United States the secretary of state was designated today as special ambassador to a foreign power. President Taft assigned Secretary Knox as special ambassador to Japan to attend the funeral of the late emperor on September 12 with the statement that the mission was given to the premier of the cabinet as an evidence of American friendship for Japan.

When the Japanese ambassador at Washington, heard of the mission he asserted it would be taken by Japan as an act of greatest courtesy and one calculated to make even warmer and more cordial existing relations between the two governments. As the United States and Japan are vitally interested in several important diplomatic questions including the great international loan, soon to be made to the new Chinese republic, the neutralization of future railway systems in Manchuria, development of Manchuria and Mongolia by aid of outside capital, treatment of American missionaries at Korea, and use of the Panama canal by Japanese ships.

Secretary Knox will be accompanied on his mission by Mrs. Knox, as aides he will have a major-general of the army and a rear admiral of the navy, to be selected. The party will leave next Thursday on board the armored cruiser Pennsylvania at Seattle for the trip across the Pacific. Secretary Knox expects to return in October.

MEXICO SAYS FALL HALTED PEACE TERMS

New Mexico Senator Blamed by Madero for Causing Orozco to Change Mind About Coming to United States

REBEL HEAD WANTED TO QUIT

Willing to Lay Down Arms if Allowed by Mexican Officials to Leave Country Unmolested

MEXICO CITY, Aug. 10.—Mexico blames Senator Fall, of New Mexico, for its failure to come to terms with Orozco, the rebel leader. President Madero came to this conclusion today, and it was based principally upon reports here, received from government agents at El Paso. He made his views known in an official statement issued by the department of the interior by his authorization. Practically all hope of negotiations for peace terms with the rebels have now been abandoned by the government. Rafael Hernandez, minister of fomento, who conducted negotiations with Orozco near El Paso, has gone to Lower California to study irrigation conditions.

Fall Frightened Orozco
It was understood here that government agents at El Paso reported that Senator Fall played more than a passive part in frightening Orozco off. Just what action was taken, the government does not pretend to know, but it is intimated that Fall might have communicated to Orozco directly the sentiments he expressed in his speech in the senate on the Mexican situation.

"It seems that Orozco has accepted the conditions," says the statement, "when he brusquely, and without known motive changed the action completely. There was no official data on the causes which brought about the change, but from reports that have been received, it seems that the determination of Orozco was influenced by efforts of American Senator A. B. Fall, who lately delivered in the senate a speech filled with criticism of the Mexican government."

Orozco's petition was that he be permitted to leave the country, but it was not definitely specified where he expected to go. Officials are now inclined to believe he expected to join his wife in California. Senator Fall has demanded that Orozco be held personally responsible for acts committed against the United States.

AM Terms Off

A feature of the negotiations which came to light today is that Hernandez had been authorized to extend to Campa, Salazar, Rojas and other leaders the same conditions offered Orozco. Jesus Flores Mason, minister of the interior, said tonight it was Orozco who requested the peace conference. He said that when Orozco learned that Hernandez was going to Lower California, he sent a message saying he would like to confer with him. After the conference Hernandez reported that Orozco said he would surrender and all his troops would lay down their arms, on the sole condition that he be allowed to leave Mexico.

On receipt of this news, Madero called a cabinet meeting, at which Madero was authorized to treat for peace on these terms.

WASHINGTON, Aug. 10.—Despite Orozco's protestations that the Mexican revolution is not over, state department's advisers today led officials here to believe that the rebel leader is looking for peace and that his offer is still open to the Madero government. Senator Dillard representative of the revolutionary party has again asked Senator Calderon, Mexican ambassador, for an audience to discuss peace terms. Calderon recently refused a similar request.

What action this government would take if Orozco were to come to the United States has not been decided. Any agreement he might make with President Madero would not bind the department of justice in any action it might take to prosecute him for alleged violation of neutrality laws. Governor Colquhoun's appeals to the federal government to get after the raiders who have crossed the line into Texas have been delayed because the governor addressed all his communications to Secretary Stimson. The avenue of communication between the governor of a state and the government is the secretary of state. His messages have been referred to Secretary Knox, meanwhile however Colonel Steever has dispatched troops to disperse bands of marauders.

Thousands Die As Earthquake Rocks Turkey

Greater Part of Country Affected; Details Meager; Villages Wiped Out

CONSTANTINOPLE, Aug. 10.—Reports here today indicate that the great earthquake which struck Asia Minor was accompanied by a much heavier loss of life than at first stated. Newspapers today estimate the number of victims at 1000 killed and injured but it is now said the number will be five or six thousand.

CONSTANTINOPLE, Aug. 10.—Details of an earthquake which are coming in slowly, owing to interruption on the wires, indicate that the seismic disturbances was wide spread and that several hundred have been killed. Thousands are homeless and outbursts of fire have occurred in many towns and villages where destruction has been caused by the upheaval of the entire district. Between Constantinople and Adrianople the shock was felt severely. Fugitives from Miriaghitto report 300 hundred killed and 600 hundred injured. The town was still burning when they left. Ganos-Hora has been wiped out, eighty were killed and thirty wounded. The wrecked buildings took fire and most of them were destroyed. Shar Kol was destroyed and two nearby villages engulfed. Adrianople suffered little damage but Tchorn was partly destroyed by earthquake and fire.

The course of the disturbance appears to have been in the region of Dardanelles. Eye witnesses from that section give harrowing accounts of the havoc wrought. The majority of houses at Gallipoli are in ruins and people are camping in the fields. Tchanak and Kaleesi are in equally bad plight. But the loss of life at these towns is small, although many were injured.

Warships anchored in the Dardanelles felt the shock severely. It was first attributed to Italian torpedo boats. Captain of the American steamer Virginia reports that the lighthouse at Ganos Hora in the sea of Marmora has disappeared and that villages of the surrounding country were in flames. He was unable to anchor and render assistance owing to the violent movement of the sea.

25 BILLS FALL UNDER VETO AXE OF PRESIDENT

WASHINGTON, Aug. 10.—When President Taft vetoed the wool bill yesterday he stamped with his disapproval the twenty-fifth legislative measure sent him from congress. Most of his vetoes were on comparatively unimportant subjects, during the special session last summer. Four of his vetoes on tariff bills. His one other veto of importance last year was directed against a resolution admitting Arizona and New Mexico to statehood. This bill met with executive disapproval because of a provision in the Arizona constitution allowing the recall of judges.

Besides the wool bill the president has returned one other important measure this session, the army appropriation bill, which as passed by congress would have legislated general Leonard Wood out of office on March 4, and made a radical change in the army.

Already however, he has planned enough vetoes for this session to add a half dozen to his present record. Vetoes of the steel tariff bill and legislative, executive and judicial appropriation bill with the amendment abolishing the commerce court, will be sent to congress early next week.

Messages returning the proposed cotton revision bill an excise tax bill will be prepared when congress sends them to the White House.

TAFT AIDS RESCUE WOMEN IN DISTRESS

WASHINGTON, Aug. 10.—President Taft, his aide, Major Thomas L. Rhoads, and W. C. Herron, the president's brother-in-law, took part last night in the rescue of a woman in distress in Rock Creek Park. A mile down the forest shaded road through the park, the president's car flashed another car just a few rods ahead, its front wheels and part of the body hanging over a bank 15 feet above Rock Creek, looking as if ready to plunge down at any moment.

Two frightened women and their driver were looking at the machine, but were apparently helpless. The three occupants of the president's car gave assistance and, towed the imperiled car back to the roadway.

The occupants refused to give their names, but recognized the president and thanked him heartily.

GANG TURNS ON BECKER 6 MEN SQAUL

Jack Sullivan Will Tell Prosecutor All He Knows Regarding Becker's Complicity in Killing of Herman Rosenthal

ROSE GOES FREE FOR CONFESSION

One of Gun Men Assured Immunity for Story; Police Official Met Suspects Soon After Slaying

NEW YORK, Aug. 10.—Jack Sullivan, under arrest in connection with the murder of Herman Rosenthal, promised today that he would go to District Attorney Whitman's office Monday and tell all he knew about the alleged connection of Police Lieutenant Becker with the murder. Sullivan made this agreement with assistant District Attorney Smith. He was unwilling to tell his full story until he had seen Whitman, who is out of town for over Sunday. Sullivan said to Smith that he had seen Becker in conversation with "Bald Jack" Rose, and "Bridgie" Webber, a few hours after the murder. This corroborates the story of other witnesses, indicating close relations between Becker and the men involved in the murder plot.

Six have Squealed
Sullivan denied however of knowing previously anything of the plans to do away with Rosenthal. While on the street shortly after the killing he went from the Hotel Metropole to "Bridgie" Webber's gambling house on Forty-second street and saw Becker and Rose in conversation on the sidewalk. He said later they were joined by "Bridgie" and "they held a low tone conversation in which he was not permitted to join."

Sullivan makes six of the nine under arrest for murder who, have "squealed" and the effect of the addition of another "recruit" upon Police Lieutenant Becker who still maintains he has nothing to confess, will be watched with interest by the prosecution.

Efforts of representatives of the district attorney have been given to trace Becker's bank accounts in which the accounts were recorded in the name of Becker and wife, representing altogether deposits of more than \$25,000. All deposits were made it was learned within the last eight months. In one bank Becker is credited with \$12,000.

It also was learned by investigation that two police inspectors had made recent deposits totalling \$75,000. Evidence of graft taking against one of these inspectors is in the hands of the district attorney who will seek his indictment when the graft feature of the case is taken up by the grand jury.

Rose Goes Free
Information charging that Becker turned over to those "higher up" more of his alleged graft collections than he kept himself was obtained by Assistant Attorney Smith today. Becker's receipts, according to this evidence amounted to about \$15,000 a month, but of this \$10,000 went to the so called "system."

Rose, it was learned today, has received absolutely immunity. It became known when Rose confessed before the grand jury that a stipulation granting him freedom as soon as he completed his testimony at the trial of the case was signed by the district attorney and Judge Mulqueen and approved by the grand jury.

SCHPEPS ARRESTED

HOT SPRINGS, Aug. 10.—Sam Scheps, wanted in New York in connection with the murder of Herman Rosenthal, is under arrest in this city. He is guarded by an officer who, it is reported, is holding him pending the arrival of officers from the district attorney's office in New York. Scheps is reported to have made a statement that he would go back to New York without requisition papers.

Sam Scheps is accused of having acted as paymaster to the actual murderer of Rosenthal, but the authorities here have him on the specific charge of murder. The arrest leaves only two men wanted in connection with the murder, "Gyp the Blood" and "Little Louie," whose whereabouts the police hope to learn from Scheps.

TO PROBE PROJECTS OF RECLAMATION

WASHINGTON, Aug. 10.—A special commission to investigate government reclamation projects was proposed today in a bill introduced by Senator Borah. This is not an investigation based on any charge of malfeasance or misconduct of officers of the reclamation service, he said. It is designed only to determine whether too many charges have been placed against irrigated lands in apportioning what settlers must pay.
